From The Head Teacher's Desk

Our Virtue/ Value/ FOCUS for this week is:

ACHIEVEMENT

Thought for the week:

"ACHIEVEMENT is the outcome of hard work- it is earned through hard graft, commitment and determination. No amount of dreaming, wishing, hoping or even praying leads to achievement... as achievement is directly linked to action" Serenity

It was the very Blessed Saint...Mother Teresa who famously said: *"If you have not done the work, don't bother to pray...because God is a just God!"* What this powerful quote is reminding us of, is the old adage that states that: **GOD HELPS THOSE WHO HELP THEMSELVES!**

Great achievement does not come easily but is evidence that hard work pays big dividends. Contrary to popular belief: *"The most successful people in the world are not at all the most gifted but rather the most driven, creative, committed and doggedly determined.* The harder we work for something the better we feel when we achieve it!

We need to teach all our children to aspire to achieve to their fullest potential in all the things that they engage in or have to do- such as learning. Each individual's potential is commensurate to his/her ability therefore; *the measure of our achievement is directly dependent on the amount of effort that we are prepared to make to achieve our goals.* The amazing thing is that effort is **NOT** linked to ability but rather to discipline, diligence and focus! This makes high achievement possible for all ...in spite of any challenges that we may face. **A. M. Moore**
